

Regional Event in Castilla La Mancha

A group of enthusiastic teachers spent Saturday 27th October at the Teachers' Day: Innovation in the English Classroom for CLIL , Productivity and Motivation in Guadalajara. The quality of the talks was really high thanks to Hamish Binns, Nick Franklin , Andrea Littlewood, Daniel Brint, Christopher Foreman and José Luis Castaño. This event follows on from previous ones in Castilla La Mancha organised by TESOL CLM jointly with ANPE. Particular thanks to the publishers and other sponsors for contributing to the raffle at the end as well as the display of books and other products.

We would like to invite anyone who enjoyed this event to attend the Annual Convention in Oviedo.
